Market Update

- **Chilli Prices remain unchanged at Guntur Market; higher Arrivals till 24th Oct:** Chilli prices at the Guntur market remain unchanged on 26th Oct. Bedki, LCA 334 - loose, No. 273, No.5/ fatki, Sannam, and Teja varieties quoted at 2,75,000, 2,90,000, 2,70,000, 2,65,000, 2,90,000 and 2,80,000 INR/tonne. In last week (till 24th Oct), cumulative arrivals during the current market year (Mar to Feb) reached 7,62,939 tonnes representing a 30.2 incline compared to the same period last year.
- **Red Chilli Prices Expected to Remain Firm due to Declining Carryover Stocks:** Red chilli prices are expected to remain firm amid declining carryover stocks and delays in the arrival of the new crop. According to the Guntur-based Chilli Exporters Association, carryover stocks are lower than those recorded last year, tightening overall market availability. Following a recent price rally, buying activity has moderated, while prices of 334-grade red chilli increased by ₹500 per quintal. Uncertainty over weather conditions and delayed new-crop arrivals have intensified competition among traders and spice companies to secure limited supplies. Despite some near-term stabilisation in buying activity, lower stocks and supply-related concerns are expected to provide support to prices in the coming days.
