Domestic News

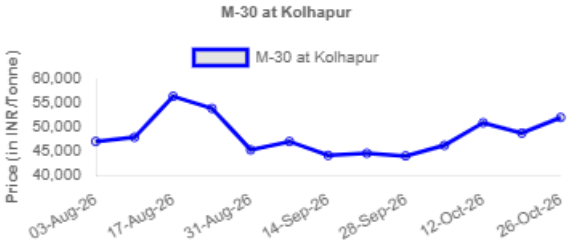

- **Sugar prices showed a upward in most of the markets. The Sugar prices in Kolhapur market were quoted at 51000 INR/Tonne.**
- **Sugarcane Farmers Sell to Crushers at Lower Prices Amid Gadaura Mill Uncertainty:** Sugarcane farmers in Uttar Pradesh's Nichlaul region are selling cane to local crushers at ₹250–280 per quintal, compared with ₹425 offered by sugar mills, amid uncertainty over the reopening of the Gadaura mill and payment delays. Urgent cash requirements during the festive season have forced farmers to accept lower prices. Meanwhile, authorities have allocated the region's sugarcane to four nearby mills and are setting up 11 purchasing centres, with procurement expected to begin next month.
- **Maharashtra Produces 308.7 Thousand Quintals of Sugar as 92 Mills Begin 2026-27 Crushing Season:** As of October 25, 2026, 92 sugar mills in Maharashtra had crushed 438.7 thousand tonnes of sugarcane, producing 308.7 thousand quintals of sugar, with an average recovery rate of 7.04%. Pune division recorded the highest cane crushing at 102.1 thousand tonnes, while Kolhapur reported the highest sugar recovery at 7.87%, despite farmer agitations slowing mill operations. Early commencement of crushing has kept initial recovery rates relatively low, while more mills are expected to start operations in the coming weeks.

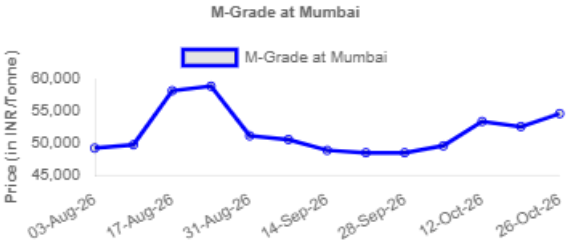

International News

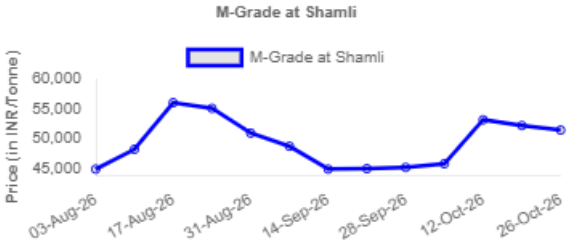

- **Sugar (ICE) Mar 2027 closed at 20.3 cents/Pound.**
- **London Sugar (LCE) Dec 2026 closed at 535.2 USD/Tonne.**
- **Azerbaijan's Sugar and Confectionery Imports Rise 8.3% to $221.3 Million in January–September 2026:** Azerbaijan's imports of sugar and sugar confectionery products increased by 8.3% year-on-year to $221.3 million during January–September 2026. Meanwhile, exports of these products rose 2.4 times to $114.8 million compared with the corresponding period last year. Sugar and sugar confectionery accounted for 1.66% of the country's total imports and 0.48% of total exports during the nine-month period.
- **Pakistan's Sugar Industry Seeks Additional Export Permission Amid 1.3 Million Tonne Surplus:** Pakistan's sugar industry has reported losses of Rs 98 billion amid a surplus of 1.3 million tonnes and a decline of up to 25% in domestic sugar prices over the past year. The Pakistan Sugar Mills Association (PSMA) has urged the government to permit an additional 800 thousand tonnes of sugar exports, over and above the 200 thousand tonnes already approved, to reduce excess stocks and support domestic prices. Pakistan's sugar production is projected at around 8.5 million tonnes in the upcoming season, raising concerns that fresh supplies could further intensify the surplus if existing inventories remain uncleared. The industry has warned that continued losses and rising inventory financing costs could affect mill operations and the timely commencement of the 2026-27 crushing season.
